

The Civic Association program for November was Namesakes of Frederick
Chris Haugh, an Award Winning Researcher, Writer, and Founder/Owner of History Shark Productions, was the featured Speaker at our Worman's Mill Clubhouse.

Unfortunately there was a conflict between powerpoint and zoom. Not all pictures we knew were in the file would display. Those present in the Clubhouse did see some of the presentation. Little was seen by virtual attendees

Chris did share his in-depth knowledge on the Namesakes of Frederick. He brought together a number of people - prominent or influential in what they did in Frederick County as a Namesake. These individuals/ families majorly created our history here in Frederick. Many of those names still are known yet today.....Delaplaine, Randall and many more who lived and died in Frederick.. Frederick is rich in history!
