

Hybrid WMCA Program on Transit Services of Frederick County on March 20

Jamie McKay, deputy director of Transit Services of Frederick County gave a program on our options for using those services.

Transit is FREE to ride!

Public Transit

10 Connector Routes operate in the City of Frederick and urbanized areas of Frederick County. Commuter shuttles and two Meet-the-MARC shuttles operate each weekday. **The North Frederick Shuttle stops at the intersection of Village Square Dr. and Waterside Dr**

Paratransit

Transit-plus is a demand response paratransit service for senior citizens and people with disabilities. ADA Paratransit is available for people with disabilities that prevent them from using the fixed route bus service. Pre-registration is required.

Taxi Access Program

An additional option for Transit-plus users, the TAP provides subsidized trips via local taxicab companies.

Commuter Services

Transit provides information on regional transit options including MARC Commuter Rail, MTA Commuter Bus, Metrobus and Metrorail, and other commute alternatives. Transit is a member of Commuter Connections, a program of the Washington Metropolitan Council of Governments. This computerized carpool and vanpool matching service is offered free to Frederick area commuters.

This program gave us a chance to ask questions about using the options for using the available transportation in Frederick County.

The program was held at the Clubhouse at 7pm on March 20 and also virtually using Zoom.
