

Civic Association Meeting with Frederick Mayor Michael O'Connor on Nov. 8, 2023

Civic Association Meeting in the Clubhouse and virtually (hybrid) was held with Frederick Mayor Michael O'Connor on November 8, 2023

Our Mayor knows the city - he was born here and was an Alderman before becoming Mayor. He has had a lasting interest in improving conditions here.

He told us about what is happening in Frederick today, and what plans are underway for our city in the future, it was a presentation we really wanted to see.

He came prepared to talk about a large number of topics that included, our traffic, the crime rate, and many more. This was our chance to hear from our Mayor on a number of important topics of concern to residents of Frederick.

There were many questions he answered! We had an opportunity to talk directly with the Mayor. We had personal contact with the Mayor.

For those who missed the presentation by the Mayor on 11-8-23 or would like to see it again, the link below provides a youtube possibility. If you place your cursor on the picture you will note several icons. The one on the extreme right will provide full screen display. Also the CC icon will give you closed captioning.

Unfortunately the two virtual questions were not responded to because of very long dialogue by those in the Clubhouse. Hopefully the extensive discussion by those in the Clubhouse covered those questions.
