

WMCA Presentation on Volunteering 3.16.23

Are you interested in volunteering and need to understand where and how?

Or are you already volunteering and want to reassess your opportunities?

This presentation helped explain:

“Why one should Volunteer and the many benefits of volunteering.”

That topic was be discussed by Anna Reed from the AARP Speakers Bureau of Maryland. She met us virtually from Baltimore MD.

Also Lisa Boyle from Frederick met us virtually also. She discussed:

“guide you through deciding the next steps after you decide to volunteer...narrowing down the many types of volunteer opportunities... what to ask yourself as well as prospective organizations, how to locate volunteer opportunities and the steps for applying.”

This presentation was enlightening and interesting for those new to volunteering as well as those who are currently volunteering, to assess their opportunities.

This informative presentation was virtual on Thursday March 16 at 7 pm

It was virtual

It is available if you click on the link below
